MaxiMaa is designing and supplying various steel products to the wide range of industries even for specific purpose, since more than two decades.

Since Innovation is a part of MaxiMaa's policy, we continued our journey of innovation and as a result we came out with new and excellent product range using Stainless Steel as a raw material.

Steel X is better quality, superior finish, long lasting complied with all the applicable standards.

Our entire range of Steel X furniture has been specially designed and fabricated for the use of Pharma industries for clean room. We use SS 304 as a prime material. The Latest technology Argon Welding is adopted for better bonding.

Two decade of experience of handing and crafting steel furniture is being the foundation for steel X, to reach desire quality and quantity is a matter of routine for MaxiMaa.

Since we believe in a continuous Process of Quality Up-gradation, dimensions and specifications could be changed without prior notice or obligation. We do this in the interest of the customers. Please note that all dimensions are in mm.

ESTHETICALLY ELEGANT RANGE
